Dear Hully and Maria Politis

Firstly I would like to thank you for the hospitality and good company that you both have shown us during our visits to Darwin.

I have travelled and fished many places with charters and would like to say that on the four trips I have had so far to Darwin the three that have been on Hully's tours have not only been some of the best fishing we have had, the way Hully conducts his tours is so professional yet you feel like your fishing with a good mate.

The food preparation from his lovely wife Maria is second to none. Hully's tours are personalised to your needs and the effort that Hully puts in to get you right on top of the fish is something that the other charters should take note of. His knowledge of the waters, what, where and how is something that I envy and can honestly say that this is a tour operator that knows his stuff. All our trips have been fantastic trips, not only on the fishing side of things but, the company and information about local fishing and fishing in general that is fed down to us by Hully on our trips has been very beneficial to our future fishing.

I would recommend 'Hully's Fishing Tours' to anyone that is serious about fishing, and anyone who is a first timer, as a trip with Hully would be a memorable experience that will have you going back again and again. Hully and Maria I take my hat off to you both. Thanks for the great times and I look forward to seeing you soon.

Regards,
John Dimitriadis
